Summer Reading Tips for Parents

For learning on-the-go, check out the **PBS KIDS Games** app and **PBS KIDS Video** app

Summer is full of opportunities to play and learn! Here are a few ways that you and your child can explore new stories, new characters and new ideas:

- **Sing songs together:** Pick one of your favorites or make up silly versions to tunes you all know.
- **Share stories:** Share a story with your child and ask them to share one with you. This is a fun way to build valuable literacy skills.
- **Find words and letters around you:** Invent daily word challenges. For instance, ask your child to search for words that start with the letter "s" today. Tomorrow, focus on words that start with "t."
- **Explore the outdoors:** Invite your child to write down (or draw) some of the interesting discoveries they find outside. This will help build language and science skills while encouraging creativity.
